

Invitation to Participate in Lake County (CA) Focus Groups

Do you work with members of Tribal groups during wildfires or other emergencies in Lake County (CA)? If so, we'd like to talk to you.

Who are we?

We are a team of scientists working with Lake County (CA) emergency managers, police, fire and other community partners who are trying to understand the experiences of Lake County residents.

When?

September 8th at 10 am
(Pacific Time).

Where?

Via Zoom or Webex.

Incentive to Participate

Participants will receive a \$20 gift card.

How do I sign up?

Please contact Diego Thompson via e-mail:
dt1282@msstate.edu

Project: Reducing the Vulnerability of Disadvantaged Communities to the Impacts of Cascading Hazards under a Changing Climate in Lake County (CA).

Principal Investigator: Farshid Vahedifard, PhD., Tufts University.

Study Coordinator: Diego Thompson, PhD., Department of Sociology, MSU.

Project funded by USDA-NIFA
